**ORDER**

On 19 March 2018, the applicants Manila Electric Company (MERALCO) and First NatGas Power Corp. (FNPC) filed a *Joint Application* dated 15 March 2018 for the approval of their Power Supply Agreement (PSA), with prayer for provisional authority and motion for confidential treatment of information.

In the said *Joint Application*, MERALCO and FNPC alleged the following:

Applicants **MANILA ELECTRIC COMPANY** ("MERALCO") and **FIRST NATGAS POWER CORP.** ("FNPC"), through their respective undersigned counsels, and to this Honorable Commission, respectfully state:

1. MERALCO is a private corporation existing under the laws of the Republic of the Philippines, with principal office located at Lopez Building, Meralco Center, Ortigas Avenue, Pasig City. It may be served with notices and other processes of this

Honorable Commission through its counsel at the address indicated herein.

2. MERALCO has a legislative franchise to operate and maintain a distribution system in the cities/municipalities of Metro Manila, Bulacan, Cavite and Rizal and certain cities/municipalities/barangays in Batangas, Laguna, Quezon and Pampanga, pursuant to Republic Act No. 9209, and is authorized to charge all its customers for their electric consumption at the rates approved by the Honorable Commission.
3. FNPC is a corporation duly organized and existing under the laws of the Republic of the Philippines, with its principal office address at 6th Floor Rockwell Business Center Tower 3, Ortigas Avenue, Pasig City. It may be served with notices and other processes of this Honorable Commission through its counsel at the address indicated herein.
4. FNPC constructed, owns, operates, manages and maintains the San Gabriel Power Plant, which is an approximately 414 MW combined-cycle power generating facility fired on natural gas, located in Batangas, on the island of Luzon in the Philippines (the "**Plant**").
5. Based on the power situation outlook for 2017 and succeeding years, MERALCO foresees a capacity deficit in its portfolio due to the expected high demand as well as possible occurrences of scheduled maintenance shutdowns and forced outage of power plants. Moreover, based on MERALCO's Distribution Development Plan, from 2018 to 2023, MERALCO's aggregate demand is forecasted to grow by a compounded average growth rate of 4.13%.
6. In order to ensure continuous and reliable electricity for MERALCO's customers, there is a need for MERALCO to source additional capacity through bilateral power supply contracts.
7. Under Section 45(b) of Republic Act No. 9136 (EPIRA), it is provided that "*Distribution utilities may enter into bilateral power supply contracts subject to review by the ERC xxx*".
8. Accordingly, following conduct and completion of a competitive selection process, MERALCO confirmed effectivity of the Power Supply Agreement ("**PSA**") with FNPC dated 13 December 2017, for the purchase of electric energy generated by its Plant upon the Honorable Commission's approval, and ending on 23 February 2024. The conduct of a competitive selection process proceeded as follows:
  - 8.1. On 19 December 2017, MERALCO caused the publication of an Invitation for Price Challenge ("**IPC**"), which contained the basic terms of reference and conditions of the proposal of FNPC, the original power supplier,

indicating a summary of the process and timelines of the Price Challenge process, and inviting power generation companies to submit better tariff proposals on or before the timelines set out in the said invitation. At the same time, MERALCO caused the posting thereof on its website.

- 8.2. In its letter dated 05 January 2018, MERALCO's Power Supply Agreements Bids and Awards Committee ("PSA BAC") informed FNPC that: (i) the PSA BAC has exercised its right to declare a failed bidding in respect of the Price Challenge considering that only FNPC submitted the Qualification Documents by the Qualification Documents Submission Date; and (ii) the PSA shall be subjected to another round of Price Challenge.
- 8.3. On 01 February 2018, MERALCO caused the publication of an IPC for the Second (2<sup>nd</sup>) Round of the Price Challenge. On even date, MERALCO caused the posting thereof on its website.
- 8.4. On March 7, 2018, there being no qualified Price Challenger, MERALCO's PSA BAC sent a Notice of Award to FNPC.
9. The PSA between MERALCO and FNPC, a copy of which is attached as **ANNEX "A"** and made an integral part hereof, contains the following salient features:

**"Contract Capacity**

the Net Dependable Capacity of the Plant in MW multiplied by 1000, and as determined in accordance with clause 9.2 (*Net Dependable Capacity*) and Appendix J (*Net Dependable Capacity Testing*) from time to time as may be adjusted pursuant to clause 11 (*Implementation of Retail Competition and Open Access, Renewable Energy Law and other Legal Requirements*).<sup>1</sup>

**14.1 Change in Law affecting Price pass-through**

- (a) If as a result of a Change in Law and pursuant to a corresponding order of the ERC or any relevant Governmental Authority, Meralco becomes liable to pay any new charges, fees, taxes, duties, assessments or other similar amounts (the **New Charges**), or any increase in existing charges, fees, taxes, duties, assessments or other similar amounts (the **Increased Charges**) become payable with respect

to this Agreement, the New Charges or Increased Charges shall form part of the price that Meralco will charge to its customers.

- (1) Meralco is prevented from making a pass through to its customers of any charges under this Agreement as approved by the ERC in the ERC Final Approval as accepted by the Seller (the **Disallowed Pass-Through Amounts**) and the Seller is no longer able to require payment from Meralco for Disallowed Pass-Through Amounts; or
  - (2) any portion of the Price that has been paid to the Seller is required to be refunded to Meralco's customers in connection with the ERC Final Approval or any petition, claim, case, proceeding, or other action involving any of the Parties brought before any judicial, administrative or quasi-judicial body (the **Refundable Amounts**),

the Parties shall enter into good faith negotiations to agree on a mutually satisfactory solution regarding the amendment of this Agreement, including an adjustment of the Price; provided that in the case of clause 14.1(b)(1) (*Change in Law affecting Price pass-through*), the Seller shall refund all Refundable Amounts to Meralco's customers in the manner and within the period as ordered by the ERC or any other relevant Governmental Authority (as applicable). If the Parties fail to reach a mutually satisfactory resolution within sixty (60) Days from the commencement of negotiations, the Seller shall be entitled to terminate this Agreement in accordance with the provisions of clause 23.6 (*Termination in the Event of Change in Law*).

#### 14.2 **Change in Law affecting Seller**

- (a) If as a result of a Change in Law affecting the Seller:

  - (5) there is serious damage to, or a material and adverse effect, on the financial condition of the Seller,

the Seller shall send a notice to Meralco of the occurrence of such Change in Law (**Notice of Change in Law**), together with an analysis of the cost impact of such Change in Law and the changes to the Price, which the Seller reasonably considers as necessary to maintain the Seller's commercial, financial and risk position in connection with this Agreement after the Change in Law is taken into account.

- (b) If the Seller gives a Notice of Change In Law to Meralco, Parties shall jointly file the necessary application with the ERC for the adjustment of the Price (the **Application for Price Adjustment**) within thirty (30) Days from receipt of the Notice of Change in Law and take all reasonable steps to obtain ERC approval of the Application for Price Adjustment as soon as reasonably practicable; provided that, Meralco shall not be liable to pay any adjustment in the Price from the time the Change in Law becomes effective until the ERC approves the Application for Price Adjustment; and provided, further, that New Charges or Increased Charges for which the Seller sends a Notice of Change in Law in accordance with this clause 14.2 (*Change in Law affecting Seller*) shall not include charges, fees, taxes, duties or other similar amounts relating to:

11. Based on the foregoing, given certain set of assumptions, the annual effective rate under the PSA is Php3.7712 per kWh (at plant gate), as shown in the rate impact analysis below:

**NOTE:**

<sup>(1)</sup> Base Rates as set forth in Attachment 1 of Appendix G of the PSA

<sup>(2)</sup> Fuel Payment calculated based on: Guaranteed Net Heat Rate of 6,428.6 kJ/kWh (NCV) corresponding to 100% load factor (Table A4 of the PSA), weighted average natural gas price of USD 6.0534/GJ (peak/off-peak pricing), and Forex rate of Php 50.4037/USD based on average for 2017

<sup>(3)</sup> FNPC line rental based on average line rental of FGP Corp-San Lorenzo plant in 2017

<sup>(4)</sup> Cost of equivalent volume from FNPC if sourced from the WESM

<sup>(5)</sup> Energy consumption of Meralco captive customers for 2017

<sup>(6)</sup> Values for PH CPI = 148.608 and US CPI = 245.120 based on average for 2017

<sup>(7)</sup> Billing determinant for energy based on 87.67% annual capacity factor

12. As seen in the rate impact above, the simulated delivered price under the PSA would be Php3.8637 per kWh, resulting in a reduction of MERALCO's generation charge by about Php0.0561 per kWh.

13. It bears emphasis that, as previously mentioned, based on MERALCO's foreseen capacity deficit in its portfolio due to the expected high demand as well as possible occurrences of scheduled maintenance shutdowns and forced outage of power plants, there is an urgent need for the provisional approval of the PSA.

**ALLEGATIONS IN SUPPORT OF  
PROVISIONAL AUTHORITY**

15. The timely implementation of the PSA will best serve the interests of the consumers.
  - 15.1. The simulated delivered price of Php3.8637 per kWh provides for a lower cost of power compared to the simulated effective cost at WESM of Php4.4405 per kWh.
  - 15.2. Vis-à-vis the simulated effective cost at WESM, the 414-MW capacity and corresponding net electrical output from the existing San Gabriel plant at the contract price can reduce MERALCO's generation cost. It is thus imperative that this PSA be implemented as soon as possible as any delay in its implementation would translate into foregone savings of about Php0.0561 per kWh and missed economic opportunities for MERALCO's captive customers.
16. In support of this Joint Application and the prayer for issuance of a Provisional Authority, the Judicial Affidavit of **MR. CIPRINILO C. MENESES**, Head of MERALCO's Energy Sourcing Office, is attached hereto as **ANNEX "B."**

**ALLEGATIONS IN SUPPORT OF THE MOTION FOR  
CONFIDENTIAL TREATMENT OF INFORMATION**

17. With respect to the document marked and attached as **ANNEX "G-2"** (Supply and Demand Scenario of MERALCO), MERALCO respectfully moves that it be treated as confidential and not be disclosed to any party for the reason that it contains information which are commercially sensitive in nature and may affect price offers that MERALCO may receive under a power supply agreement. In addition, such information falls within the bounds of valuable proprietary interest under "trade secrets", which are entitled to protection under the Constitution, statutes, and rules and regulations.
18. With respect to the documents marked as **Annexes "U and series"** and **"V and series"**, FNPC respectfully moves that they be treated as confidential and not be disclosed to any party since the information contained in these documents are proprietary to FNPC and confidential. FNPC has actual and valuable proprietary interest to protect with respect to the information contained in these documents, which are not generally available to the public. These details are part of FNPC's competitive advantage in the power generation industry with an economic value (actual or potential) derived from not being generally known to, and not being readily ascertainable by, other persons such as FNPC's competitors, who can obtain economic value from the disclosure of the information to the detriment of FNPC. Furthermore, the nature of the information in these documents, which go into FNPC's pricing and business, is such that significant and unquantifiable damage could result to FNPC if these

information were to be shown to FNPC's competitors, including other power generators.

19. Under Rule 4 of the ERC Rules of Practice and Procedure, the Honorable Commission may, upon request of a party and determination of the existence of conditions, which would warrant such remedy, treat certain information submitted to it as confidential. Pursuant to such provision, the Applicants respectfully pray for the issuance of a protective order declaring **Annexes "G-2," "U and series" and "V and series"** as confidential information, since the Applicants intend to present them as evidence in the instant Application.
20. Information, which falls within the definition of a trade secret, as defined by jurisprudence is clearly information that merits the confidential treatment provided for under Rule 4 of the ERC Rules of Practice and Procedure. **Annexes "G-2," "U and series" and "V and series"** should therefore be entitled to the protection of confidential information provided under Rule 4 of the ERC Rules of Practice and Procedure.
21. The Applicants hereby submit one (i) copy of each of the foregoing confidential documents in separate sealed envelopes, with the envelope and each page of the document marked with the word "Confidential."

#### **PRAYER**

**WHEREFORE**, premises considered, it is respectfully prayed that the Honorable Commission,

- (i) issue an Order **GRANTING PROVISIONAL AUTHORITY** to implement the PSA;
- (ii) issue an Order **TREATING Annexes "G-2," "U and series" and "V and series" AS CONFIDENTIAL INFORMATION** pursuant to Rule 4, Section 1 of the ERC Rules of Practice and Procedure and prescribing the guidelines for the protection thereof; and
- (iii) after hearing on the merits, render a Decision **APPROVING THE PSA** between Applicants MERALCO and FNPC.

Finding the said *Joint Application* to be sufficient in substance, with the required fees having been paid, the same is hereby set for determination of compliance with the jurisdictional requirements, expository presentation, Pre-trial Conference, and presentation of evidence on **05 July 2018 (Thursday) at two o'clock in the afternoon (2:00 P.M.), 15<sup>th</sup> Floor, ERC Hearing Room, Pacific Center Building, San Miguel Ave., Pasig City.**

Accordingly, MERALCO and FNPC are hereby directed to:

- 1) Cause the publication of the attached Notice of Public Hearing in two (2) newspapers of nationwide circulation in the Philippines at their own expense, twice (2x) within two (2) successive weeks, the dates of publication not being less than seven (7) days apart, and the date of the last publication to be made not later than ten (10) days before the date of the scheduled initial hearing;
