San Miguel Avenue, Pasig City

**IN THE MATTER OF THE  
APPLICATION FOR  
APPROVAL OF THE INTERIM  
POWER SALES AGREEMENT  
BETWEEN SPC ISLAND  
POWER CORPORATION  
(SIPC) AND BOHOL I  
ELECTRIC COOPERATIVE  
INC. (BOHECO I)**

**ERC CASE NO. 2018-042 RC**

**SPC ISLAND POWER  
CORPORATION (SIPC) AND  
BOHOL I ELECTRIC  
COOPERATIVE INC.  
(BOHECO I),**

**DOCKETED**  
Date: JUN 18 2018  
By: [Signature]

**Applicants.**

X-----X

**ORDER**

On 09 May 2018, SPC Island Power Corporation (SIPC) and Bohol I Electric Cooperative, Inc. (BOHECO I) filed an Application for the approval of their Interim Power Sales Agreement (IPSA), with prayer for confidential treatment of information.

In their Application, SIPC and BOHECO I alleged the following:

1. SPC ISLAND POWER CORPORATION (SIPC) is a corporation duly organized and existing under Philippine laws with principal office at the 7<sup>th</sup> Floor, Citibank Center, 8741 Paseo de Roxas, Makati City. SIPC is a generation company, and it owns and operates the Bohol Diesel Power Plant (BDPP) in Dampas District, Tagbilaran City, Bohol. It

may be served with processes and papers through the undersigned counsel.

2. BOHOL I ELECTRIC COOPERATIVE, INC. (BOHECO I) is a non-stock, non-profit electric cooperative organized and existing pursuant to Republic Act No. 6038, as amended by Presidential Decree No. 269, with principal office at BOHECO I Building, Brgy. Cabulijan, Tubigon, Bohol. Its franchise area covers twenty-six (26) municipalities in the Province of Bohol, namely, Albuquerque, Antequera, Baclayon, Balilihan, Batuan, Bilar, Calape, Carmen, Catigbian, Clarin, Corella, Cortes, Dauis, Dimiao, Inabanga, Lila, Loay, Loboc, Maribojoc, Panglao, Sagbayan, San Isidro, Sevilla, Sikatuna, and Tubigon. It may be served with processes and papers through the undersigned counsel.

#### **EXECUTIVE SUMMARY**

3. SIPC and BOHECO I jointly seek for the approval of their *Interim Power Sales Agreement* dated July 7, 2017 (**Interim PSA**). The respective board approvals of SIPC and of BOHECO I authorizing the filing of this application are attached to this application as **Annex A** and **Annex B**. The authorities of their counsels are attached as **Annex A-1** and **Annex B-1**, respectively.
4. The Interim PSA was executed to address the total blackout in the island of Bohol which started on July 6, 2017 when the High Voltage Direct Current transmission line and the Marshalling Station that transport power from Luzon and Cebu, respectively, were severely damaged by the 6.5 magnitude earthquake that hit the island of Leyte on the same day. A brief summary by Philippine Institute of Volcanology and Seismology (PHIVOLCS) is attached hereto as **Annex C**.
5. In a letter dated July 8, 2017, BOHECO I requested SIPC for an emergency power supply for its franchise area while generation and transmission facilities from Leyte are unavailable. At that time, BDPP was the only plant capable to deliver power to BOHECO I's franchise area. A copy of BOHECO I's letter dated July 7, 2017 is attached as **Annex D**.
6. In a letter dated July 8, 2017, SIPC agreed to supply BOHECO I the full 16.0MW capacity of BDPP at the current offered rate of Php2.0205/kWh plus fuel, subject to the approval of the Energy Regulatory Commission (ERC), while generation and transmission facilities from Leyte are unavailable. A copy of SIPC's letter dated July 7, 2017 is attached as **Annex E**.
7. In a letter dated July 8, 2017, BOHECO I requested the ERC for a provisional authority to draw out emergency power from BDPP, pending the preparation and execution of the

Interim PSA and the approval thereof by the ERC. A copy of BOHECO I's letter dated July 7, 2017 is attached as **Annex F**.

8. Acting upon the request of BOHECO I and relying upon the assurances of the Department of Energy (DOE), SIPC instructed BDPP to supply the urgently needed power to BOHECO I, pending provisional authority from the ERC.
9. Thus, at 7:37 P.M. of July 7, 2017, SIPC provided feedback power and at 12:00 A.M. of July 8, 2017, SIPC provided emergency power supply to BOHECO I's franchise area.
10. In a letter dated July 10, 2017, the ERC advised BOHECO I that "[p]ending the filing and approval [of its application], BOHECO I is authorized to draw power from SIPC's Bohol Diesel Power Plant (BDPP) at the rate of PhP2.0205/kWh plus efficient fuel cost subject to the Commission's review upon filing of the application." In the same letter, the Commission directed the parties to file the interim PSA within thirty (30) days. A copy of ERC's letter dated July 10, 2017 is attached as **Annex G**.
11. Under these extraordinary circumstance which effectively isolated Bohol from the grid, BOHECO I was constrained to enter into the Interim PSA without conducting a Competitive Selection Process in the procurement of the emergency power. This was approved by the Commission in its letter dated July 10, 2017, stating among other things:

However, the Commission believes that this should not have been a matter of policy but of conscience. When circumstances warrant the performance of an act that requires the exercise of judgment that should be beyond legal and regulatory protocols, in order to ensure the delivery of basic human services so as not to prejudice the safety and security of a community and its inhabitants, waiting for approval from a government agency should not have been the primordial concern of the parties. The meritorious justifications are compelling reasons enough to act for the good of the public. xxx

12. The supply of BDPP to BLCI and BOHECO I also enabled the hydro-plants in Bohol to operate, to wit: Janopol Hydro Electric Plant (JHEP) at 5MW capacity, Sevilla Hydro Electric Plant (SHEP) at 2.5MW capacity and Loboc Hydro Electric Power Plant (LHEPP) at 1.2MW capacity, thereby energizing the 69kV line of National Grid Corporation of the Philippines (NGCP).
13. During the pre-filing conferences, the Technical Working Group (TWG) for PSA applications directed the applicants to clarify with the Commission if, indeed, the Competitive Selection Process (CSP) requirement finds no application in this emergency situation. On October 18, 2017, SIPC filed a

letter dated October 12, 2017 to the Commission in deference to the TWG's directive. A copy of the letter is attached hereto as **Annex H**.

14. On November 28, 2017, BOHECO I received a letter from the Commission dated November 17, 2017 extending the authority to draw power from the BDPP "which shall be effective for six (6) months under at the rate of Php2.0205/kWh plus efficient fuel cost or until the Commission approves a rate for the IPSA to be filed, whichever comes earlier." In the same letter, the Commission advised the applicants to file the application for the approval of the generation cost for the supply of electricity under the IPSA, within six (6) months from its receipt. A copy of ERC's letter is attached hereto as **Annex I**.

**RATE IMPACT**

15. The rate impact is **0.0290 P/kWh** as shown below:<sup>1</sup>

<b>Billing Period: June 26-July 25, 2017</b>				
<b>AUGUST</b>				
	<b>KWH</b>	<b>%</b>	<b>AMOUNT</b>	<b>RATE/kwh</b>
<b>Blended Rate under Normal Condition:</b>				
WESM	1,331,140.00	11.32%	5,808,055.75	4.3632

SALIENT FEATURES OF THE INTERIM PSA

17. *Term.* The Term of the Interim PSA is effective from July 7, 2017 (the Effective Date) until the power supply from Leyte is restored to its normal capacity and it becomes available to BOHECO I.
18. *Contract Quantity.* Throughout the Term of the Interim PSA, SIPC shall deliver to BOHECO I its Final Hourly Contract Quantity (HCQ) and BOHECO I shall purchase the same subject to the terms of the IPSA.
19. *Electrical Characteristics; Delivery Point; Transmission Connection; Transmission Services.* SIPC shall deliver or cause the delivery of the Final HCQ which shall meet the characteristics of electricity set out in Annex D of the Interim PSA. SIPC shall deliver or cause the delivery of the Final HCQ at the high voltage side of the main transformer of its substation. Each party shall be responsible for the connection of its facilities to the Grid in accordance with the Grid Code and the Distribution Code. Each party shall maintain its own Transmission Service Agreement (TSA) with the National

Grid Corporation of the Philippines in accordance with the Open Access Transmission Service Rules.

20. *Rate Computation.* The cost of energy delivered by SIPC to BOHECO I is computed at **Php2.0205/kWh as the Basic Rate (or Base Price) plus Fuel Fee** that is the actual cost of fuel used during the Billing Period to deliver energy (see **Schedule A** and **Schedule B** for the breakdown).

(a) The *Basic Rate* (or *Base Price*) represents the fixed and variable costs incurred by SIPC in delivering energy to BOHECO I including the capital recovery and profit margin subject to ERC's validation for rate approval.

(b) The *Fuel Fee* refers to the average monthly cost of fuel used to generate one (1) kWhr of energy exported by BDPP considering the actual amount of bunker-C and diesel fuels consumed, computed at the weighted average price of the respective fuels during the Billing Period. The Fuel Fee is computed as follows:

$$\text{Fuel Fee (FF)} = \text{Fuel Oil Consumption Rate (FOCR)} \times \text{Fuel Cost (FC)}$$
$$(\text{FF}) = (\text{FOCR}) \times (\text{FC})$$

Where –

- FOCR (in li/kWhr) is the average fuel consumption rate needed to generate one (1) kWhr of energy during every Billing Period based on the actual total fuel consumption of BDPP used to deliver the total metered quantity (MQ) as measured in the WESM.
- FC (in Php/li) is the price at which SIPC acquired the fuel equivalent to the weighted average price of fuels (Bunker-C and Diesel) consumed for the month.

(c) A *Sample Fuel Fee Computation* is presented in **Annex "E"** showing specific FOCR of both Bunker-C and Diesel fuels, based on actual plant performance on January 26 to February 25, 2017.

21. *Computation of Payment.* The Total Energy Fee is computed as follows:

$$\text{Energy Fee (in P/kWh)} = [(\text{MQ}) \times (\text{Basic Rate} + \text{FF})] + \text{VAT}$$

Where –

- MQ is the Metered Quantity in kWh
- FF is the Fuel Fee in P/kWh as determined in Annex "E" of the Interim PSA
- Basic Rate (or Base Price) is set at P2.0205/kWh subject to ERC approval

- VAT is 12%

REQUEST FOR CONFIDENTIAL TREATMENT OF INFORMATION

22. Pursuant to Rule 4 of the *ERC Rules of Practice and Procedure*, applicants request for confidential treatment of the information contained in and documents submitted herewith as **Annexes Q, U, W, Z, BB series, Schedule B and B-1, Schedule C, and Schedule D**. These documents contain valuable proprietary interests and information relating to the business and operations of SIPC and they are not available to the public. Hence, they must be perpetually protected and not disclosed to any third party. These schedules are submitted pursuant to Section 1(b) of Rule 4.

RELIEF

APPLICANTS pray that the Honorable Commission –

- (1) ISSUE AN ORDER according confidential treatment to the information and documents described in paragraph 22 above;
- (2) APPROVE this application and the Interim PSA retroactive to the time when BDPP provided feedback power at 7:37 P.M. of July 7, 2017 and when BDPP provided emergency power supply at 12:00 A.M. of July 8, 2017; and
- (3) GRANT other equitable relief.

Finding the said Application to be sufficient in substance with the required fees having been paid, the same is hereby set for determination of compliance with the jurisdictional requirements, expository presentation, Pre-trial Conference, and presentation of evidence on **11 July 2018 (Wednesday) at ten o'clock in the morning (10:00 A.M.) at BOHECO I Main Office in Cabulijan, Tubigon, Bohol.**

Accordingly, SIPC and BOHECO I are hereby directed to:

- 1) Cause the publication of the attached Notice of Public Hearing in two (2) newspapers of nationwide circulation in the Philippines at their own expense, twice (2x) within two (2) successive weeks, the dates of publication not being less than seven (7) days apart and the date of the last publication to be made not later than ten (10) days before the date of the scheduled initial hearing;

- 2) Furnish with copies of this Order and the attached Notice of Public Hearing the Offices of the Provincial Governor, the City and Municipal Mayors, and the Local Government Unit (LGU) legislative bodies within the affected franchise area for the appropriate posting thereof on their respective bulletin boards;
- 3) Inform of the filing of the Application, its reasons therefor, and of the scheduled hearing thereon, the consumers within the affected franchise area, by any other means available and appropriate;
- 4) Furnish with copies of this Order and the attached Notice of Public Hearing, the Office of the Solicitor General (OSG), the Commission on Audit (COA), and the Committees on Energy of both Houses of Congress. They are hereby requested, if they so desire to send their duly authorized representatives at the scheduled hearing; and
- 5) Furnish with copies of the Application and its attachments all those making requests therefor, subject to reimbursement of reasonable photocopying costs.

On the date of the initial hearing, Applicants must submit to the Commission their written compliance with the aforementioned jurisdictional requirements attaching therewith, methodically arranged and duly marked the following:

- 1) The evidence of publication of the attached Notice of Public Hearing consisting of affidavits of the Editors or Business Managers of the newspapers where the said Notice of Public Hearing were published, and the complete issues of the said newspapers;
- 2) The evidence of actual posting of this Order and the attached Notice of Public Hearing consisting of certifications issued to that effect, signed by the aforementioned Governor, Mayors, and LGU legislative bodies or their duly authorized representatives, bearing the seals of their offices;
- 3) The evidence of other means employed by Applicants to inform of the filing of the Application, its reasons therefore,

and of the scheduled hearing thereon, the consumers within the affected franchise area;

- 4) The evidence of receipt of copies of this Order and the attached Notice of Public Hearing by the Office of the Solicitor General (OSG), the Commission on Audit (COA), and the Committees on Energy of both Houses of Congress;
- 5) The evidence of receipt of copies of the Application and its attachments by all those making requests therefor, if any; and
- 6) Such other proofs of compliance with the requirements of the Commission.

Applicants and all interested parties are also required to submit, at least five (5) days before the date of initial hearing and Pre-trial Conference, their respective Pre-trial Briefs containing, among others:

- (a) A summary of admitted facts and proposed stipulation of facts;
- (b) The issues to be tried or resolved;
- (c) The documents or exhibits to be presented, stating the purposes thereof and proposed markings therefore; and
- (d) The number and names of the witnesses, with their written testimonies in an individual affidavit form, to be attached to the Pre-trial Brief.

Failure of Applicants to comply with the above requirements within the prescribed period shall be a ground for cancellation of the scheduled hearing, and the resetting of which shall be six (6) months from the said date of cancellation.

(This space was intentionally left blank.)

SIPC and BOHECO I must also be prepared to make an expository presentation of the instant Application, aided by whatever communication medium that they may deem appropriate for the purpose, in order to put in plain words and explain, for the benefit of the consumers and other concerned parties, what the Application is all about and the reasons and justifications being cited in support thereof.

**SO ORDERED.**

Pasig City, 11 June 2018.
