O R D E R

Before this Commission for resolution is the application filed on February 18, 2003 by applicant Iloilo I Electric Cooperative, Inc. (ILECO I) for approval of a reduction in rates and loan condonation in compliance with Section 60 of Republic Act No. 9136 and Executive Order No. 119, with prayer for provisional authority.

In the said application, ILECO I prayed that the rate reduction equivalent to ₱0.0922/kWh be provisionally and immediately approved ex-parte; that it be authorized to adopt and implement the same effective upon provisional approval; and that after notice and hearing, the rate reduction be approved permanently.

In support of its application and prayer for provisional authority, ILECO I submitted the following documents in compliance with the requirements indicated in

the Guidelines for the Implementation of the Reduction in Rate of the Electric Cooperatives Due to the Condonation of Debts, as amended, to wit:

1. Certification from the National Electrification Administration (NEA) indicating the amount of ₱111,166,388.94 as ILECO I's outstanding loan to NEA as of June 26, 2001 and that said amount has been a) recommended for assumption by the Power Sector Assets Liabilities Management (PSALM); and b) has been used for Rural Electrification Program;
2. An Omnibus Certification from the Commission on Audit (COA) certifying that its office has verified the loan balances as of June 26, 2001 of one hundred eighteen (118) electric cooperatives, including that of ILECO I, and found the same to be true and correct;
3. Certification issued by ILECO I's General Manager, Engr. Wilfred L. Billena, confirming that the amount of ₱111,166,388.84 is due and outstanding;
4. Certification from the National Power Corporation (NPC) attesting that it is current in the payment of its obligations;
5. Detailed information or report on outstanding loans applied for condonation as follows:
 - a. Amortization payments on the Rural Electrification Loans; and
 - b. Monthly kilowatt-hour sales covering the period July 1, 2001 to June 30, 2002.

ILECO I submitted other supporting data/documents in accordance with the aforesaid Guidelines, such as: a) the certifications of receipt of copies of the notice of application by the Local Government Units' (LGUs) Legislative Bodies of the Municipalities and Cities within ILECO I's area of coverage; and c) the affidavit of publication executed by Ms. Marites D. Malones, Publisher of News Express attesting to the publication of the Notice of Application.

I. SUMMARY OF ILECO I's APPLICATION

ILECO I's proposed rate reduction was computed as follows¹:

Annual Amortization of Condoned Loans	₱ 8,072,400.00
Divide by Total Average kWh Sales (for the twelve months Ending June 2002)	87,525,602 kWh
Rate Reduction	₱ 0.0922 kWh

II. COMMISSION DISCUSSIONS AND CONCLUSIONS

II.A.1 Loan Profile

Engr. Wilfred L. Billena, ILECO I's General Manager, issued a Certification to the effect that ILECO I's total loans to be condoned out of the loans with NEA is in the amount of ~~₱~~111,166,388.84.

¹ Based on Annex "B" – Rate Calculation submitted by ILECO I

The NEA Loan Profile submitted by ILECO I provides the information on the amortization payments on its Rural Electrification Loans as of June 26, 2001.

II.A.2. Monthly kilo-Watthour (kWh) sales covering the period July 1, 2001 to June 30, 2002.

The table below shows the summary of energy sales of ILECO I for the twelve (12) months ending June 30, 2002:

Customer Class	Total Sales (kWh)²
Residential	52,474,251
Commercial	5,217,178
Industrial	21,452,940
Public Building	2,949,965
Street Lights	852,355
BAPA	4,578,913
Total	87,525,602

The data on energy sales were verified because this will serve as the billing determinant³ to be used in the calculation of the rate reduction. This was done by comparing the said data with that of the monthly kWh sales reported by ILECO I in its regular submission of Monthly and Financial Statistical Reports (MFSRs). Said verification showed that the energy sales used by ILECO I as the billing determinant, were correct vis-à-vis its submitted MFSRs.

² Based on Annex "A" Schedule B of ILECO I's application.

³ Billing Determinants are the units divided into a class of costs to calculate a rate element.

II.B. Calculation of the Rate Reduction for Purposes of Granting Provisional Authority

The rate reduction was computed as follows:

Annual Amortization based on the amortization cost incorporated In MOELCI II last approved rate	₱ 8,072,400.00
Divide by Total Annual Sales (for the twelve months Ending June 2002)	<u>87,525,602 kWh</u>
Rate Reduction	₱ 0.0922/kWh

Section 2, Rule 31 of the Implementing Rules and Regulations (IRR) of R. A. No. 9136 specifically provides that:

“This Rule shall cover all outstanding financial obligations by the ECs to NEA and other government agencies, incurred as of 26 June 2001 for the purpose of financing the Rural Electrification Program. x x x”
(underscoring supplied).
