the Guidelines for the Implementation of the Reduction in Rate of the Electric Cooperatives Due to the Condonation of Debts, as amended, to wit:

1. Certification from the National Electrification Administration (NEA) indicating the amount of ₱87,386,858.31 as MORESCO I's outstanding loan to NEA as of June 26, 2001 and that said amount has been a) recommended for assumption by the Power Sector Assets and Liabilities Management (PSALM); and b) has been used for Rural Electrification Program;
2. An Omnibus Certification from the Commission on Audit (COA) certifying that its office has verified the loan balances as of June 26, 2001 of one hundred eighteen (118) electric cooperatives, including that of MORESCO I, and found the same to be true and correct;
3. Sworn Statement/Affirmation executed by MORESCO I's General Manager, Ms. Julie B. Real, that the amount of ₱87,386,858.31 is due and outstanding;
4. Certification from the National Power Corporation (NPC) attesting that it is current in the payment of its obligations;
5. Detailed information or report on outstanding loans applied for condonation as follows:
 - a. Amortization payments on the Rural Electrification Loans; and
 - b. Monthly kilowatthour sales covering the period July 1, 2001 to June 30, 2002.

MORESCO I submitted other supporting data/documents in accordance with the aforesaid Guidelines, such as: a) the certifications of receipt of copies of the notice of application by the Local Government Units' (LGUs) Legislative Bodies of the Municipalities and City within MORESCO I's area of coverage; and b) the affidavit of publication executed by Mr. Ernesto G. Chu, Publisher/President of Gold Star Daily, attesting to the publication of the Notice of Application.

I. SUMMARY OF MORESCO I's APPLICATION

MORESCO I's proposed rate reduction was computed as follows¹:

Monthly Amortization of Assumed Loans	₱	588,455
Divide by monthly kWh Sales (Sales for the twelve months ending June 2002 is 52,859,764.2 kWh)		4,404,980 kWh
Rate Reduction	₱	0.1336/kWh

II. COMMISSION DISCUSSIONS AND CONCLUSIONS

II.A.1 Loan Profile

Ms. Julie B. Real, MORESCO I's General Manager, issued a Sworn Statement/Affirmation confirming that MORESCO I's total loan to be condoned is in the amount of ₱ 87,386,858.31.

The NEA Loan Profile submitted by MORESCO I provides the information on the amortization payments on its Rural Electrification Loans as of June 26, 2001.

¹ Based on Annex "B" – Rate Calculation submitted by MORESCO I

II.A.2. Monthly kilo-Watthour (kWh) sales covering the period July 1, 2001 to June 30, 2002.

The table below shows the summary of energy sales of MORESCO I for the twelve months ending June 30, 2002:

Customer Class	Total Sales (kWh) ²		Variance Over/(Short)
	Per Application	Per MFSR	
Residential	25,887,363.2	25,767,363.20	120,000.0
Commercial	13,669,236.0	13,550,752.0	118,484.0
Industrial	8,118,029.1	8,033,579.1	84,450.0
Water system	1,756,509.7	1,751,326.0	5,183.7
Public Buildings	2,009,473.7	2,009,473.7	0.0
Street Lights	1,016,490.2	1,016,491.2	(1.0)
BAPA	402,662.2	402,662.2	0.0
Irrigation	0.0	3,666.8	(3,666.8)
Total	52,859,764.1	52,535,314.2	324,449.9

The data on energy sales were verified because this will serve as the billing determinant³ to be used in the calculation of the rate reduction. This was done by comparing the said data with that of the monthly kWh sales reported by MORESCO I in its regular submission of Monthly and Financial Statistical Reports (MFSRs).

II.B. Calculation of the Rate Reduction for Purposes of Granting Provisional Authority

The rate reduction was computed as follows:

Monthly amortization based on the amortization cost incorporated in MORESCO I's last approved rate	₱ 588,455.00
Divide by Total Monthly Sales (Sales for the twelve months ending June 2002 is 52,535,314.2 kWh)	4,377,943 kWh
Rate Reduction	₱ 0.1344/kWh

² Based on Annex "A" Schedule B of MORESCO I's application.

³ Billing Determinants are the units divided into a class of costs to calculate a rate element.

The discrepancy between MORESCO I's and the Commission's computations of the Total Annual Sales was due to difference in the submissions in the application and the figures in the MFSR in the amount of ₱324,449.90.

Section 2, Rule 31 of the Implementing Rules and Regulations (IRR) of R. A. No. 9136 specifically provides that:

“This Rule shall cover all outstanding financial obligations by the ECs to NEA and other government agencies, incurred as of 26 June 2001 for the purpose of financing the Rural Electrification Program. x x x”
(underscoring supplied).

DISPOSITION

WHEREFORE, the foregoing premises considered, Misamis Oriental I Electric Cooperative, Inc. (MORESCO I) is hereby granted a provisional authority to reduce its rates by ₱0.1344/kWh effective on the next billing cycle after receipt of this Order. Should the rate reduction provisionally authorized herein is found to be insufficient after final evaluation, the amount corresponding to the deficiency shall be reimbursed by MORESCO I to its consumers by crediting the same in their electric bills covering future consumptions for a period of not more than six (6) months from the implementation of the Decision.

Relative thereto, MORESCO I is hereby directed to comply with the following conditions:

- a) Reflect the approved reduction in rates as a separate item in the consumers' electric bills;
- b) Inform its consumers of the said approved rate reduction not later than thirty (30) days after receipt of this Order;
- c) Submit five (5) sample bills for each customer class for verification and confirmation purposes on or before the twentieth (20th) day of the month following the effectivity of the approved rate reduction and every month thereafter; and
- d) Continue its payment to NEA with respect to all outstanding obligations assumed by PSALM, if the amortization cost component of the EC's tariff is still collected from the end-users.

Finally, MORESCO I is directed to submit the following requirements on or before the scheduled initial hearing:

- a. Certification from PSALM provisionally acknowledging the amount of loans applied for condonation subject to the final results of an audit to be performed by an independent body commissioned for such purpose;
- b. Detailed information or report on outstanding loans applied for condonation, to wit:

- i. List of outstanding loans obtained from creditors under Article II, Section 1 of the Amended Guidelines;

- ix. Statement on debt restructuring of any loan, if any;
- x. Revenues generated from amortization portion of approved rates channelled to payments of purchased power cost, if applicable; and
- xi. Other documents that may be needed by the ERC in the course of the evaluation.

MORESCO I is further directed to furnish the legislative body of the Local Government Unit of the locality where it principally operates with a copy of its accomplished application form.
