Date: **SEP 09 2016**
By: _____

X ----- X

ORDER

On 25 April 2016, the Leyte II Electric Cooperative, Inc. (LEYECO II) and GNPower Dinginin Ltd. Co. (GNPD) filed an Application for approval of the power purchase and sale agreement (PPSA), with prayer for confidential treatment of information and the issuance of provisional authority.

In the said Application, LEYECO II and GNPD alleged the following:

1. Applicant LEYECO II is a non-stock, non-profit electric cooperative, duly organized and existing under and by virtue of the laws of the Philippines, with principal office address at Real St., Sagkahan Dist., Tacloban City, Leyte. It is authorized to distribute and provide electricity services to its member-consumers in the Municipalities of Palo and

Babatngon, and the City of Tacloban, all in the Province of Leyte (collectively, the "Franchise Area");

2. Copies of LEYECO II's Articles of Incorporation, By-Laws, Certificate of Registration and Certificate of Franchise are attached as follows:

Annex	Document
"A"	LEYECO II's Articles of Incorporation
"B"	LEYECO II's By-laws
"C"	Certificate of Registration with the National Electrification Administration (NEA)
"D"	Certificate of Franchise

3. Meanwhile, Applicant GNPD is a duly registered limited partnership organized and existing under Philippine laws, engaged in the business of developing, constructing, operating and owning power generation facilities and in the sale and trade of electric power. Its principal office is at 28th Floor, Orient Square Building, Don Francisco Ortigas, Jr. Road, Ortigas Center, Pasig City;

4. Applicant GNPD's owners and development team, at the time of the privatization of NPC/PSALM's assets, focused on the development and construction of the first large-scale power plant in the Philippines, the 2x300MW coal-fired power plant of GNPower Mariveles Coal Plant Ltd. Co., after the enactment of EPIRA to support the government's call for additional capacity to meet the growing power demand. It also encouraged other IPPs to build and add new capacity that led to our current state of a stable supply in Luzon;

5. Applicant GNPD's pertinent documents evidencing its due registration as a limited partnership are appended hereto as follows:

Annex	Document
"E"	Certificate of Registration issued by the Securities and Exchange Commission (SEC)
"F"	GNPD's Articles of Partnership

6. Applicants may be served with orders, notices and other legal processes of this Honorable Commission through the address of the undersigned counsels;

7. By and pursuant to *Sections 23, 25, 43 (u), and 45 (b) of Republic Act No. 9136*, otherwise known as the *Electric Power Industry Reform Act of 2001 (EPIRA)*, its *Implementing Rules and Regulations*, and other pertinent rules and regulations, the instant *Application* for the consideration and approval of the Power Purchase and Sale

Agreement (PPSA) executed by and between Applicants LEYECO II and GNPD on 16 December 2015 is herein respectfully filed. A copy of the PPSA is hereto attached as **Annex "G"** and forms an integral part hereof;

I. STATEMENT OF FACTS

LEYECO II's Power Supply and Demand Situation

8. LEYECO II, together with other Region 8 ECs, needs to address the insufficiency of its power supply due to the increasing demand within its franchise area;

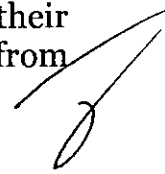

9. LEYECO II currently receives a total of 27 MW from its existing suppliers out of its peak requirement of 37.57MW. With an average peak demand growth rate of 1.94%, LEYECO II forecasts that its peak demand for the years 2017 to 2023 will be 38.75MW and 44.42MW;

10. The eleven (11) electric cooperatives (ECs) of Region 8, namely:

- (i) Biliran Electric Cooperative, Inc. (BILECO)
 - (ii) Don Orestes Romualdez Electric Cooperative, Inc. (DORELCO)
 - (iii) Eastern Samar Electric Cooperative, Inc. (LEYECO II)
 - (iv) Leyte II Electric Cooperative, Inc. (LEYECO II)
 - (v) Leyte III Electric Cooperative, Inc. (LEYECO III)
 - (vi) Leyte IV Electric Cooperative, Inc. (LEYECO IV)
 - (vii) Leyte V Electric Cooperative, Inc. (LEYECO V)
 - (viii) Northern Samar Electric Cooperative, Inc. (NORSAMELCO)
 - (ix) Samar I Electric Cooperative, Inc. (SAMELCO I)
 - (x) Samar II Electric Cooperative, Inc. (SAMELCO II)
- and
- (xi) Southern Leyte Electric Cooperative, Inc. (SOLECO),

collectively, the "Region 8 ECs", have just concluded the competitive selection process with FDC Utilities, Inc. (FDC), Trans Asia Oil and Energy Development Corporation (Trans Asia), GNPowder Ltd. Co. ("GNPower"), and San Miguel Energy Corporation (SMEC) for their short-term power supply requirements, covering the period 2015-2018 for demands ranging from 65MW in 2015 to 93MW in 2018;

11. Subsequently, the foregoing Region 8 ECs received two (2) unsolicited proposals for the supply of their aggregated long-term baseload demand of 150MW from

December 26, 2018 to December 25, 2038, or for a twenty (20) year period;

The Competitive Selection Process

12. Guided by a declared and agreed policy and guidelines as described in Region 8 ECs Rules and Procedures for Unsolicited Proposal, which is Annex A of the Instructions to Proponents (subsequently, the Final Instructions to Proponents), the Region 8 ECs created the Joint Competitive Power Supply Procurement (JCPSP) Board, the R8 JCPSP Bids and Awards Committee (JBAC) and the Core Technical Working Group (CTWG)¹ to conduct the initial evaluation of the unsolicited proposals in order to determine which will be more advantageous for the Region 8 ECs.

13. The CTWG found the proposal of GNPowr better and consistent with the criteria set forth in the aforementioned policy and guidelines.

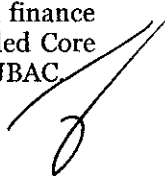

14. GNPowr submitted a Firm and Final Proposal, containing the Legal, Technical and Financial Documents; the Technical Proposal; and the Financial Proposal, as required by the JBAC. GNPowr, through the submitted bidding documents, manifested to R8 JBAC that a special purpose company was established for the Dinginin Project, which is GNPowr Dinginin Ltd. Co. ("GNPD"), and GNPowr is the lead developer of the said project.

15. After a more detailed evaluation, the JBAC endorsed the GNPowr proposal to the R8 JCPSP Board, which granted GNPowr the *Original Proponent* status in the Competitive Selection Process through Comparative Proposals for the procurement of the long-term baseload power supply of Region 8 ECs.

16. Generating companies (GENCOs) were invited to submit Comparative Proposals to challenge GNPowr's offer through publications in newspapers of general and national circulation for two (2) consecutive weeks and through written invitations to the GENCOs listed in the DOE website;

17. Participating GENCOs submitted letters of intent (LOIs) and afterwards, they were provided with a copy the Instructions to Proponents (ITP) (subsequently, Final Instructions to Proponents) and due diligence data.

¹ The Region 8 JCPSP Board is composed of all Board Presidents and General Managers of the 11 Electric Cooperatives in the islands of Leyte, Biliran and Samar. The R8 JCPSP BAC (or JBAC) is composed of representatives of the BAC of each EC. The JTWG is composed of technical, finance and market trading personnel from the ECs. Select members of the JTWG which is called Core Technical Working Group or CTWG was tasked to provide direct technical support to the JBAC.

Thereafter, transaction conferences were held to clarify and discuss the transaction process, requirements, rules and evaluation methodology;

18. During the submission and opening of bids, only San Miguel Energy Corporation ("SMEC") submitted a comparative proposal. However, upon evaluation, SMEC's evaluated long-term levelized price was found to be higher than GNPow's:

19. On 13 November 2015, the R8 JBAC issued a Notice of Award to GNPow and the same was accepted by GNPow on 14 November 2015;

20. Afterwards, the Region 8 ECs, GNPow and GNPD negotiated the final terms and conditions of the Power Purchase and Sale Agreement (PPSA) based on the Key Contract Terms provided in the Final Instructions to Proponents. Separate/ individual but identical PPSAs were signed by and between each of the 11 Region ECs and GNPD.

21. Accordingly, on December 16, 2015, LEYECO II and GNPD executed the subject PPSA, providing the terms and conditions for the supply of 8 MW baseload power to LEYECO II to assure the adequate and reliable supply of power to LEYECO II's franchise area;

22. In support of the above competitive selection process, Applicants LEYECO II and GNPD hereby attach the following documents to form integral parts hereof:

A NNEX	DOCUMENT
"H"	Instructions to Proponents (ITP)
"H-1"	Final Instructions to Proponents (FITP)
"H-2"	Information Memorandum
"I"	Comments to the Unsolicited Proposal of GNPow
"J"	GNPow Unsolicited Proposal Evaluation Report
"K"	Invitation to Submit Comparative Proposals as published in the Philippine Daily Inquirer on 07 August 2015
"K-1"	Affidavit of Publication dated April 15, 2016
"K-2"	Invitation to Submit Comparative Proposals as published in the Manila Bulletin on 14 August 2015

“ K-3”	Affidavit of Publication dated April 15, 2016
“ L”	AES Philippines’ Letter of Intent to Participate in Region 8 Joint Competitive Power Supply Procurement dated 02 September 2015
“ L-1”	FDC Utilities, Inc.’s Letter of Intent of dated 01 September 2015
“ L-2”	SMC Global Power’s Letter of Intent to Participate dated 26 August 2015
“ M”	Limay Premiere Power Corp.’s letter dated 28 October 2015
“ N”	R8 JCPSP Assessment of SMC Global Power Financial Model
“ O”	Notice of Award to GNPower dated 13 November 2015

II. ABSTRACT OF THE PPSA AND OTHER RELATED INFORMATION

23. The following are the salient features of the PPSA:

A. Term of Agreement. The PPSA shall be effective at the date of its execution, and shall terminate after 240 months from the date specified in the Commencement Date Notice² defined as the written notice that indicates the commencement of the first delivery of the Product after GNPD begins commercial operations in the market, which shall not be later than the first day of the Billing Period immediately after the lapse of thirty six (36) months from the ERC’s final approval of the PPSA;³.

B. Source of Supply⁴. GNPD shall make available, sell, and deliver or cause to be delivered to LEYECO II the Product⁵ at the Delivery Point, whether sourced from GNPD’s facility or from other electricity generators, including the Wholesale Electricity Spot Market (WESM).

GNPD’s facility shall be constructed and operated in Mariveles, Bataan. The Technical Details of the Project is herewith attached to form an integral part hereof as **Annex “P”**;

² Section 1.3, Schedule 1. Contracted Capacity, Contract Price and Terms of Agreement, PPSA, page 30

³ Section 1.1, Article 1. Definitions and Interpretations, PPSA, page 4

⁴ Section 3.1, Article 3. Obligations and Deliveries, PPSA, page 11

⁵ Refers to electric capacity, contracted on a variable Capacity Utilization Factor basis, together with energy, as specified in Schedule 1 of the PPSA, as the context requires, or as otherwise agreed by the Parties. (Section 1.1, Article 1. Definitions and Interpretations, PPSA, page 8)

C. **Contracted Capacity.** LEYECO II is contractually entitled to receive from GNPD, at any hour, subject to GNPD's Available Capacity (as defined in the PPSA) for such hour, the Contracted Capacity (as defined in the PPSA), as follows:

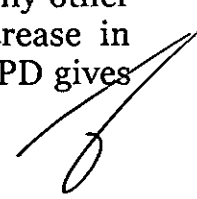

Year	Contracted Capacity (kW)
1	8,000
2	8,000
3	8,000
4	8,000
5	8,000
6	8,000
7	8,000
8	8,000
9	8,000
10	8,000
11	8,000
12	8,000
13	8,000
14	8,000
15	8,000
16	8,000
17	8,000
18	8,000
19	8,000
20	8,000

LEYECO II shall utilize and pay for the capacity delivered by GNPD at 65% to 100% Capacity Utilization Factor (CUF). GNPD may increase the capacity up to 83% CUF and lower the same to not less than 65% CUF.

C.1. Option to Increase Contracted Capacity

Section 3.7 of the PPSA, provides that upon written notice to GNPD, LEYECO II may, upon approval by GNPD, increase its Contracted Capacity which increase shall be subjected to the same terms and conditions contained in the PPSA. In considering whether or not to approve the request for increase in Contracted Capacity, GNPD may take into consideration the capacity available for such increase from its facility in its sole opinion, and/or the willingness of any other buyer to assign its Contracted Capacity. Such increase in Contracted Capacity shall be effective on the date GNPD gives its written approval.

D. Contract Price

The Contract Price shall be composed of Capacity Price and Energy Price. The Capacity Price shall be computed as the product of the Capacity Fee for a Billing Period multiplied by the quantity of Product delivered at the Delivery Point. The Energy Price shall be computed as the product of the Energy Fee for a Billing Period multiplied by the quantity of Product delivered at the Delivery Point, and shall be inclusive of the existing Government Charges under Energy Regulations No. 1-94 as of Effective Date.

D.1. Capacity Fee

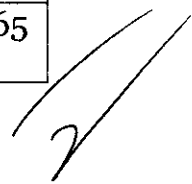

The *Capacity Fee* is the component of the Contract Price allocated to pay for the cost, as well as the operations and maintenance of the power plant and is designated as the Capacity Fee in *Schedule 1* of the PPSA as such may be adjusted from time to time based on GNPD's Capacity Factor.

The corresponding Capacity Fee for a given Capacity Utilization Factor is set forth in the table below:

Capacity Fees for Specific Capacity Utilization Factors

Capacity Utilization Factor (%)	Capacity Fee (\$ /kWh)
100%	0.0456
99%	0.0460
98%	0.0464
97%	0.0467
96%	0.0471
95%	0.0475
94%	0.0479
93%	0.0483
92%	0.0487
91%	0.0491
90%	0.0496
89%	0.0500

88%	0.050 5
87%	0.050 9
86%	0.051 4
85%	0.051 9
84%	0.052 4
83%	0.052 9
82%	0.053 4
81%	0.054 0
80%	0.054 5
79%	0.055 1
78%	0.055 6
77%	0.056 2
76%	0.056 8
75%	0.057 5
74%	0.058 2
73%	0.058 9
72%	0.059 6
71%	0.060 3
70%	0.061 1
69%	0.061 8
68%	0.062 6
67%	0.063 4
66%	0.064 3
65%	0.065 1

For the resulting Capacity Utilization Factor which is not a whole number, the corresponding Capacity Fee shall be computed using the formula as set forth below:

$$\begin{aligned} \text{Capacity Fee} &= -0.10971 \times (\text{CUF})^3 + 0.344263 \times (\text{CUF})^2 \\ &\quad - 0.39644 \times \text{CUF} + 0.2075 \end{aligned}$$

Where:

Capacity Fee – is the Capacity Fee in \$/kWh
CUF – is the Capacity Utilization Factor between 65% and 100%, provided that if the actual CUF is below 65% (the “Minimum Capacity Utilization Factor”), the Capacity Price shall be calculated based on the Capacity Fee and quantity associated with the Minimum Capacity Utilization Factor.

The Capacity Utilization Factor (CUF) shall be computed as follows:

$$\text{CUF} = \frac{Q}{\text{CC} * [\text{H}_T - \text{EH}_{\text{TO}}]}$$

Where:

Q = Quantity as defined in Section 1.1 of the Agreement
CC = Contracted Capacity, in kW, as set forth in Schedule 1
H_T = Total number of hours in such Billing Period
EH_{TO} = the sum of the duration, in Equivalent Hours, of Scheduled Outages and Unscheduled Outages in such Billing Period

For example,

Q = 18,648,000 kWh
CC = 37,000 kW
H_T = 720 hours
EH_{TO} = 101 hours

$$\text{CUF} = \frac{18,648,000 \text{ kWh}}{37,000 \text{ kW} * [720 \text{ hours} - 101 \text{ hours}]}$$

$$= \frac{18,648,000 \text{ kWh}}{22,903,000 \text{ kWh}}$$

$$= 81.42\%$$

D.2. Energy Fee

$$\text{Energy Fee} = IEF \times \left[\frac{CIF_n}{CIF_0} \right]$$

Where,

IEF – Initial Energy Fee equal to \$0.0328 / kWh

CIF_n – CIF Cost of Fuel for Billing Period *n*

CIF₀ – Base CIF Cost of Fuel equal to \$10.2514 / million
kcal

E. Capacity Utilization Discount. Section 5.3 (c) of the PPSA provides that if LEYECO II pays the invoice amount in full in accordance with GNPDP's invoice instruction on or before the twenty-fifth (25th) day of the succeeding calendar month from the relevant Billing Period and LEYECO II's CUF is greater than or equal to 65%, LEYECO II shall receive a credit on the next subsequent bill equal to 2.8% of the Energy Fee multiplied by the actual quantity of the Product actually delivered set forth in such invoice for the Billing Period for which the credit was earned.

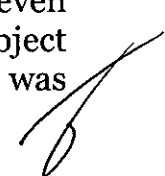

F. Scheduled and Unscheduled Outages. Pursuant to Section 3.2, GNPDP is allowed Scheduled Outages not to exceed five hundred forty (540) Equivalent Hours for each Contract Year during which times reduced or no deliveries will be available to LEYECO II. GNPDP is likewise allowed Unscheduled Outages of five hundred forty (540) Equivalent Hours for each Contract Year during which times reduced or no deliveries will be available to the Buyer.

**III. COMMERCIAL ADVANTAGE OF THE
GENERATION RATE AND IMPACT ON LEYECO II'S
RETAIL RATES**

24. LEYECO II, together with the other Region 8 ECs, needs to address the insufficiency of its power supply due to the increasing demand within its franchise area;

25. The additional supply from GNPDP will significantly augment the supply deficiency of LEYECO II and will decrease the adverse effects thereof by providing a stable and adequate source of electricity;

26. Aside from the lower generation cost of the power supply from GNPDP, LEYECO II is also entitled to Capacity Utilization Discount, if conditions are met, which makes even more competitive the proposed rate contained in the subject PPSA. Also, it is worthy to note that the GNPDP rate was

further reduced during the finalization of the PPSA with Region 8 ECs where it was requested that the conditions to avail Prompt Payment Discount and the posting of a security deposit be waived. As a result, the Contract Price is already net of PPD;

27. Among alternative suppliers capable of providing additional energy to LEYECO II and the rest of the Region 8 ECs, GNPD's rates proved to be more reasonable and competitive. While GNPD's offer is primarily intended for its base load requirements, the Capacity Factor Pricing under the PPSA provides flexibility in the Region 8 ECs' utilization of the Contracted Capacity;

28. LEYECO II simulated a rate impact analysis which ultimately resulted in PhPo.1114/kWh rate reduction with the execution of the PPSA with GNPD, to wit:

LEYECO II RATE IMPACT ANALYSIS

with GNPD

	Forecasted 2019* Average Quantity (kWh)	Amount (PhP)	Percent Share (%)	Resulting Capacity Utilization Factor (%)	2019 Average Rate (PhP/kWh)	Weighted Average Rate (PhP/kWh)
GCGI	140,160,000.00	729,406,656.00	65.17%	100%	5.2041	4.8122
GNPD	52,679,603.71	197,937,628.85	24.49%	75%	3.7574	
WESM	22,237,062.43	107,652,343.18	10.34%		4.8411

**GENERATION RATE IMPACT,
PhP/kWh**

(0.1114)

Notes:

1. Analysis and simulations is based on LEYECO II's forecasted 2019 hourly load profile

2. GNP rate is based on applicable (i) Capacity Fee at Resulting Capacity Factor; (ii) March 2015 to February 2016, FOREX (iii) Energy Fee based on projected 2019 prices subject to rate escalation by 2019 based on 2019 Inflation Factors from World Bank Commodities Price Forecast (Nominal USD), July 15, 2015;

3. GCGI rate is based on the 2015 and 2016 escalation of Php 0.05 applied to 2019 prices

4. Hourly WESM Prices is based on 2015 Ex-Post Nodal Prices of LEYECO II.

* GNP rate under Interim/Partial Delivery

29. In compliance with Rule 20 of ERC Rules of Practice and Procedure relative to the submission of supporting documents and information for the approval of the PPSA and the rate structure embodied therein, Applicants LEYECO II and GNP rate attach the following documents to form integral parts hereof:

ANNEX	DOCUMENT
"Q"	Executive Summary of the PPSA
"Q-1"	Breakdown of the Contract Price and Sample Calculation
"R"	Rate Impact Simulation
"S"	GNPD's Financial Assumptions including Project Cost, Sources of Financing, Debt-Equity Ratio, WACC computation, and Projected Equity IRR
"T"	Breakdown of Costs including Engineering, Procurement and Construction (EPC) Costs, Operations and Maintenance (O&M) Costs, and Projected Fuel Costs
"U"	Projected Balance Sheet, Income Statement, Revenue and Cash Flow
"U-1"	Compact Disc containing a soft copy of Annex "S" to "U"
"V"	Details of Fuel Procurement
"V-1"	Sworn Statement – Coal Procurement Process
"W"	GNPD's Audited Financial Statement for 2014
"X"	GNPD's Transmission Plan for the Project
"Y"	Certificate of Endorsement from DOE that the Project is included in the DOE's Power Development Plan
"Y-1"	Environmental Certificate of Compliance from DENR
"Z"	LEYECO II's Distribution Development Plan (DDP)
"AA"	LEYECO II's Actual and Forecasted Energy and Demand
"BB"	LEYECO II's Average Daily Load Curve

"CC"	LEYECO II's Board Resolution authorizing the Board President and the General Manager to sign the Power Purchase and Sale Agreement (PPSA), to file with the ERC the Application for the approval of the said PPSA, and for other purposes sign the PPSA on behalf of LEYECO II, to engage Atty. Ma. Concepcion Ojeda as legal counsel and to designate competent persons as witness
"DD"	GNPD's General Partner's Certificate attesting to the resolution of the Partners to execute the subject PPSA with LEYECO II and designating signatories thereto
"DD-1"	GNPD's General Partner's Certificate attesting to the resolution of the General Partners to file an application for the approval of the subject PPSA with the ERC and designating its authorized representatives and legal counsels

30. Applicants LEYECO II and GNPD are reserving their right to submit other documents, either in the course of the hearing or as may be required by this Honorable Commission.

IV. COMPLIANCE WITH PRE-FILING REQUIREMENTS

31. Applicants manifest compliance with the pre-filing requirements mandated under the *Implementing Rules and Regulations of the EPIRA* and *Rule 6 of the ERC Rules of Practice and Procedure*, to be established by the following:

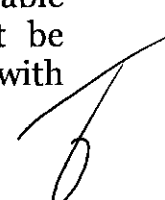

a. Certifications acknowledging receipt of the *Application* with annexes to be issued by the Legislative Bodies of Pasig City, Tacloban City, and the Province of Leyte, to be appended as Annexes "FF", "GG" and "HH", respectively;

b. Notarized Affidavit of Publication stating that the *Application* was published in a newspaper of general circulation within LEYECO II's Franchise Area, to be appended herein as Annex "II"; and

c. Complete newspaper issue where the *Application* was published, to be appended herein as Annex "II-1", and the relevant page thereof where the *Application* appears, as Annex "II-2";

V. MOTION FOR CONFIDENTIAL TREATMENT OF ANNEXES "H" to "J" and "S" to "V"

32. Under *Rule 4 of the ERC Rules of Practice and Procedure*, a party to any proceeding before the Honorable Commission may request that certain information not be disclosed and be treated as confidential, by describing with

particularity the information to be treated as confidential, specifying the ground for the claim of confidential treatment of the information and, if applicable, specifying the period during which the information must not be disclosed;

33. Applicant LEYECO II humbly requests for the confidential treatment of Annexes "H" to "J" hereof, consisting of the tender documents. These annexes show the individual offers of the bidders which participated in the R8 JCPSP, as well as the results of the evaluation. The Region 8 ECs, LEYECO II included, are bound by their undertaking to secure and keep in confidence the offers and the proposed terms of supply, so as not to prejudice or pre-empt any future CSPs in which these bidders will participate. Otherwise, LEYECO II and the rest of the Region 8 ECs may be held liable for damages for breach of confidentiality, and eventually, risk their good relations with the suppliers concerned;

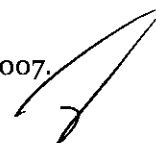

34. Similarly, Applicant GNPD respectfully moves for the confidential treatment of Annexes "S" to "V" hereof. These annexes, exclusively owned by Applicant GNPD, contain information which are considered part of its business and trade secrets. As such, GNPD has the sole proprietary interest and will be unduly prejudiced should they be disclosed to the public;

35. These annexes contain numbers, data, formula, methodology, and calculations involving valuable and sensitive commercial, financial information reflecting GNPD's business operations and financial trade secrets. Therefore, GNPD's confidential, proprietary, and private information included in the aforesaid annexes should be protected from public dissemination. Otherwise, such information can be illegally and unfairly utilized by business competitors who may use the same for their own private gain and to the irreparable prejudice of GNPD. Negotiations with prospective customers may also be affected.

36. The information contained in Annexes "S" to "V", constitute "trade secrets", for which GNPD has actual and valuable proprietary interest. As explained by the Supreme Court, a trade secret may consist of any formula, pattern, device, or compilation of information that is used in one's business and gives the employer an opportunity to obtain an advantage over competitors who do not possess the information⁶. It is indubitable that trade secrets constitute proprietary rights and jurisprudence has consistently acknowledged the private character of trade secrets⁷. Further,

⁶ *Air Philippines Corporation vs. Pennswell Inc.*, G.R. No. 172835, December 13, 2007.

⁷ *Ibid.*,

as ruled in *Garcia vs. Board of Investments*⁸, trade secrets and confidential, commercial and financial information are *exempt* from public scrutiny;

37. Accordingly, it is respectfully submitted that **Annexes “H” to “J” and “S” to “V”** must be accorded confidential treatment. As such, they are to be used *exclusively* by the Honorable Commission and for the *sole* purpose of evaluating this *Application*, thereby protecting these data from unnecessary public disclosure;

38. In accordance with *Section 1(b), Rule 4 of the ERC Rules of Practice and Procedure*, Applicants LEYECO II and GNPD submit one (1) copy each of **Annexes “H” to “J” and “S” to “V”** in a sealed envelope, with the envelope and each page of the documents stamped with the word “*Confidential*”.

VI. PRAYER FOR PROVISIONAL AUTHORITY

39. All the foregoing allegations are re-pleaded by reference in support of herein *Prayer* for the issuance of Provisional Authority to implement the subject PPSA;

40. LEYECO II and GNPD pray for the issuance of a Provisional Authority or interim relief prior to final decision pursuant to *Rule 14 of the ERC Rules of Practice and Procedure*, to wit:

“Section 3. Action on the Motion. – Motions for provisional authority or interim relief may be acted upon with or without hearing. The Commission shall act on the motion on the basis of the allegations of the application or petition and supporting documents and other evidences that applicant or petitioner has submitted and the comments or opposition filed by any interested person, if there be any.”

41. Worthy of note is that based on the Department of Energy’s (DOE) 2015-2030 Luzon and Visayas Grids Supply-Demand Outlook, Luzon’s peak demand in 2015 is 8,974MW with an Annual Average Growth Rate (AAGR) of 4.85% while Visayas’ Peak Demand is 1,847MW with AAGR of 3.4%. Therefore, Luzon’s peak demand is expected to increase to 11,347MW in 2020, and to 18, 264MW by the year 2030 and for Visayas, 2,042MW in 2020 and 3,025MW in 2030. This electricity demand growth has led to DOE’s call for planning and investments in the power sector;

⁸ 177 SCRA 374 (1989).

42. The continuous addition of supply shall help keep stable power supply for the increasing demand and low and stable cost of power available at the WESM and for the end-users;

43. Contributing to the Luzon and Visayas Grid's demand growth is LEYECO II's peak load demand which increases at an average rate of 1.94% per year. By 2019, it is projected that LEYECO II's existing power suppliers will not be able to meet the power needs of its member consumers, which is expected to have increased to 41.11MW;

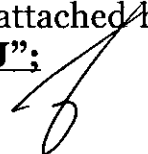

44. Thus, the PPSA with GNPD is crucial for LEYECO II to guarantee that its forward power needs are satisfied, without compromising the reasonableness of the generation rate to be passed on to its member-consumers;

45. While target delivery of power under the terms and conditions of the PPSA is expected to commence not later than thirty-six (36) months after the final approval of the Honorable Commission, the Parties, however, intend to commence delivery whether on an interim or full capacity basis on December 26, 2018. Applicants, nonetheless, shall begin at the earliest opportune time their compliance with all financial and regulatory requirements and processes leading up to the timely completion of GNPD's facility;

46. It is also worthy to note that part of the funds needed to construct GNPD's facility will be sourced from loans coming from banks/financial institutions. The Honorable Commission's provisional approval of the instant *Application* is a vital requirement for the release of the loan proceeds. Hence, a timely compliance with the requirements of the financial agreements ensures stable source of funds and timely construction of the generation facility, and the implementation of the PPSA as contemplated by the Applicants;

47. With continuous financing, the timely implementation of the project shall be assured, to the full benefit of LEYECO II and the Luzon and Visayas' Grids. Otherwise, any delay in the implementation of the project shall expose LEYECO II to supply risk and unstable market prices in the future;

48. To emphasize the necessity of a provisional approval of herein *Application*, a Judicial Affidavit to support the prayer for provisional authority will be attached herewith to form an integral part hereof as Annex "JJ";

49. In recognition of the fact that a substantial amount of time is customarily needed to evaluate the documents submitted to support the approval of herein *Application*, Applicants LEYECO II and GNPD seek the kind consideration of the Honorable Commission to approve the instant *Application*, immediately, albeit, provisionally;

PRAYER

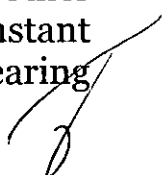

WHEREFORE, premises considered, it is most respectfully prayed of the Honorable Commission that (i) all information set forth in Annexes "H" to "J" and "S" to "V" to the instant *Application* be treated as confidential; (ii) pending hearing on the merits, a Provisional Authority be **DULY ISSUED** authorizing the immediate implementation of the subject Power Purchase and Sale Agreement (PPSA) between Applicants LEYECO II and GNPD, including the rate structure therein, as applied; and (iii) that after due notice and hearing, the instant *Application*, the *Power Purchase and Sale Agreement* and the rate structure contained therein be **DULY APPROVED**.

Further, in the event that a Final Authority shall be issued after GNPD starts actual delivery of power to LEYECO II under the terms of the subject PPSA, said Final Authority be retroactively applied to the date of such actual delivery.

Other reliefs as may be just and equitable under the premises are, likewise, most respectfully prayed for.

Finding the said *Application* sufficient in form and substance with the required fees having been paid, the same is hereby set for determination of compliance with the jurisdictional requirements, Expository Presentation, Pre-trial Conference, and presentation of evidence on **19 October 2016 (Wednesday) at two o'clock in the afternoon (02:00 P.M.) at the LEYECO II's Main Office in Real St., Sagkahan Dist., Tacloban City, Leyte.**

LEYECO II and GNPD are hereby directed to cause the publication of the attached Notice of Public Hearing in two (2) newspapers of general circulation in the Philippines at their own expense, twice (2x) within two (2) successive weeks, the dates of publication not being less than seven (7) days apart, with the date of last publication made not later than ten (10) days before the date of the scheduled initial hearing. They are also directed to inform the consumers within the franchise area of LEYECO II, by any other means available and appropriate, of the filing of the instant *Application*, its reasons therefor, and of the scheduled hearing thereon.

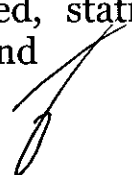

Let copies of the Application, this Order and the attached Notice of Public Hearing be furnished the Office of the Solicitor General (OSG), the Commission on Audit (COA), and the Committees on Energy of both Houses of Congress. They are hereby requested, if they so desire, to send their duly authorized representatives at the scheduled hearing.

Likewise, let copies of this Order and the attached Notice of Public Hearing be furnished the Offices of the Provincial Governors, the City and Municipal Mayors, and the Local Government Unit (LGU) Legislative Bodies within LEYECO II's franchise area for the appropriate posting thereof on their respective bulletin boards.

LEYECO II AND GNPD are hereby directed to furnish all those making requests therefor with copies of the Application and its attachments, subject to reimbursement of reasonable photocopying costs.

On the date of the initial hearing and Pre-trial Conference, LEYECO II and GNPD must submit to the Commission their written Compliance with the jurisdictional requirements attaching therewith, methodically arranged and duly marked, the evidence of the actual posting and publication of the Notice of Public Hearing consisting of certifications issued to that effect, signed by the aforementioned Governors, Mayors, and LGU Legislative Bodies, or their duly authorized representatives, bearing the seals of their offices, and the affidavit of the Editors or Business Managers of the newspapers where said Notice of Public Hearing were published, together with the complete issues of the said newspapers, and such other proofs of compliance with the requirements of the Commission.

LEYECO II, GNPD, and all interested parties are directed to submit, at least five (5) days before the date of initial hearing and Pre-trial Conference, their respective Pre-trial Briefs containing, among others:

- a) A summary of admitted facts and proposed stipulation of facts;
 - b) The issues to be tried or resolved;
 - c) The documents or exhibits to be presented, stating the purposes and proposed markings therefore; and
- 

- d) The number and names of the witnesses, with their written testimonies in an individual affidavit form, to be attached to the Pre-trial Brief.

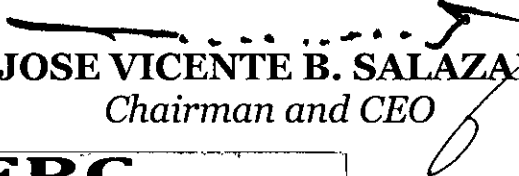

Failure of LEYECO II and GNPD to submit the required Pre-trial Brief and Judicial Affidavits of their witnesses within the prescribed period shall be a ground for cancellation of the scheduled hearing, and the resetting of which shall be six (6) months from said date of cancellation.

As part of the Pre-trial Conference, LEYECO II and GNPD must also be prepared to make an Expository Presentation of their Application, aided by whatever communication medium they may deem appropriate for the purpose, in order to put in plain words and explain, for the benefit of the consumers and other concerned parties, what the Application is all about and the reasons and justifications being cited in support thereof.

SO ORDERED.

Pasig City, 3 August 2016.

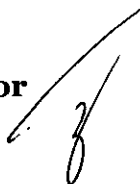

FOR AND BY AUTHORITY
OF THE COMMISSION:

JOSE VICENTE B. SALAZAR
Chairman and CEO
